Hundreds of Persons Visit Washington

Public interest in a newly-initiated movement to restore historic buildings in one of Arkansas' most historic communities got a mighty boost here today.

People from half a dozen states and from points throughout Arkansas turned out by the hundreds for an all-day program which called attention to this little Hempstead County town.

Washington was the seat of one of the first counties in the Territory and later was the Civil War capital of Arkansas. Texas patriots met in the 1830's to lay plans for winning freedom for Texas from Mexico.

Today's program was sponsored by the recently-organized Pioneer Washington Restoration Foundation, of which Judge James H. Pilkinton of Hope is president and W. H. Etter of Washington is vice-president.

Mrs. Charles A. Haynes of Washington, a director of the Foundation, was in charge of arrangements. Guided tours of such places as the cemetery where James Black, maker of the famous Bowie Knife is buried, The Trimble house built in 1847, the site of the tavern in which the Texas revolution was plotted, and the old courthouse which served as the Civil War capital.

The Foundation is a non-profit organization seeking voluntary gifts of money to carry on an extensive program of restoration.

One of its first projects will be the rebuilding of the tavern where Sam Houston, James Bowie, Davy Crockett and other liberators of Texas met. Albert Pike, the noted Arkansan, did some of his writing.

Another will be the reconstruction of James Black's blacksmith shop in which he developed the now-forgotten process for tempering steel which made the Bowie knives world famous.

And another will be the renovation of the Abraham Block home, built around 1817 and said by some historians to have been the first two-story house in Arkansas.

Washington is 10 miles northwest of Hope and 18 miles southwest of Nashville on State Highway 4, now off the beaten path for tourists and history lovers. If the people of this section of the state achieve their dream, it once again will come into wide public view. Today's events were but a starter.

Sudan Grass Grows Very Fast

J. W. SEYMOUR of Fulton seeded 10 acres Piper sudan grass on June 9. The above picture shows the progress 15 days after seeding. Piper sudan has few equals for summer, summer pasture for milk production. Cattle are permitted to graze when it is about 20 inches high. When grass has been grazed down to about 6 inches remove the cattle and mow off, to not shorter than six inches, any sudan that is left. Then let the growth reach knee-height before grazing is resumed. County Agent Oliver L. Adams and Assistant Director of the Experiment Station Cecil Bittle are observing the Seymour planting.

Local Doll Collection Proves Well Worth Time Spent

By Mary Anita Lester

Last week, many of us witnessed the parade and the coronation of some "lavin' dolls," as some apt descriptions declare. What about the other meaning of that word, "doll"? Is it still in vogue?

A look at toy departments in stores or at many doll collections in homes would give an affirmative answer to that question. An example of this is found in the inanimate "ladies" who reside at Mrs. J. C. Carlton's house.

For a period of seven years, she collected the beautiful dolls which are encased in glass, and she acquired a total of 100. Now that fond granddaughters have been given some of these prized possessions, the collection numbers 151.

The heads of all the dolls are china except one and it is a beautiful Parian head. Many times Mrs. Carlton found the head of a doll she wanted, but it had no body.

That didn't stop her. She bought the head and had a body made for it. One exception was a bisque doll's head that was so large she did not have a place for an entire doll made in the proper proportion to it, so she simply has the bisque head.

When a body or a costume needed to be made, the collector turned to two people for help — the late Miss Kate Bridwell and Miss Hearn who is also deceased. Mr. Hearn carved the beautiful hands and feet for many of Mrs. Carlton's dolls, and Miss Bridwell used her skill with a needle.

Personal value was given to many dolls which have costumes made from material used on special occasions by the owner. Material from items in her long sea of from a particular dress, even a favorite daughter is among that which was held.

Did you ever see a doll with pierced ears? Mrs. Carlton has several, but the first one she bought was in Mississippi. She found it by accident and was charmed. Today, it wears earrings which the owner wore as a child.

Dolls in her collection range in size from four inches to two and one-half feet in height, and one of her dolls is actually 87 years old. Hats are important to these dolls just as they are to their human counterparts. Five of the dolls have china bonnets as part of their heads. Two have organza bonnets, and two others have organza hats that would delight any feminine daughter.

From "pin-cushion heads," attention is drawn to four "ladies" of German origin. They have their given names carved on their necks as well as the outline of a dress collar, so it is evident that they were intended to wear low-necked dresses.

Glass domes cover five different collectors' items. Among these is a large wedding couple—a bride groom and his raven-haired bride. One of Mrs. Carlton's four-inch dolls is also a bride. Though tiny, she is complete in every detail of costume from a veil and train to a little pearl necklace.

Character dolls in this collection include Nancy Hankins, a very fat, round, doll; Madison with a ribbon painted on her hair; Mary Todd Lincoln with her gold shawl and gold bows in her hair, and Jenny Lind with a distinctive bun as part of her culture.

"I can get a Jenny Lind and a Mary Todd Lincoln. I'm satisfied," Mrs. Carlton had often said. And true to her word, they are the last ones she has bought.

The public is invited.

Knife Wounds Are Fatal to Negro

NORTH LITTLE ROCK (AP)—

A 27-year-old Negro man died last night of wounds police said he received in a butcher knife fight with his wife.

Willie (Deaky) Jones of North Little Rock died shortly after he was admitted to a Little Rock hospital.

Patrolmen Billy Carroll and Eugene Tucker said they found Jones and his wife, Emma, at their home, both suffering from multiple knife wounds. A bloodstained butcher knife was found near Jones' body, they said.

The woman was held on an open charge.

Goldfine Is 'Eager' for Second Round

By LEWIS GULICK

WASHINGTON (AP) — Bernard Goldfine, testifying after two days of testimony, says he's looking forward to another appearance Tuesday before a House subcommittee investigating his troubles with federal agencies.

But the Boston textile manufacturer didn't say how far he would go in providing the subcommittee with details of \$776,000 of uncashed checks. Investigators say his companies have issued the checks over a 16-year period.

Goldfine talked pleasantly but hurriedly with newsmen Friday as he and his wife strode toward a plane that took them to Boston for the weekend. He traveled without the battery of attorneys who curbed his interviews on his arrival and during much of his stay in the capital.

"I'm looking forward to my return very much," he said, adding that he'd be back a day ahead of his scheduled date with the subcommittee.

"I think very well of the committee," he commented. "I think I've been treated very fairly."

Goldfine balked Thursday at giving the House investigators any information about the uncashed checks. He said that wasn't pertinent to the subcommittee's investigation. He held to that stand despite the group's insistence that it not be should determine what was pertinent.

The subcommittee, in a general investigation of the work of federal regulatory agencies, is currently checking charges that Goldfine received favored treatment because of his friendship with presidential aide Sherman Adams. Both Adams and Goldfine have denied the favored treatment charge, although Adams has told of receiving expensive favors from Goldfine.

The House investigators also put into the record a list of 38 persons they said had received checks described as present or former employees in congressional and White House offices.

Receipt of checks of from \$35 to \$75 at Christmas were acknowledged by two present White House secretaries and by some present and former employees of Sen. Styles Bridges (R-N.H.) and Rep. John W. McCormack (D-Mass.). Others denied receiving cash. None of those contacted said the gifts involved favors for Goldfine.

Goldfine himself disclosed the checks as minor Christmas presents, and indicated Friday he plans to continue the practice.

He expected to continue giving gifts to his 100 women who asked.

5 Still Missing in Crash of Big Globemaster

HONOLULU (AP)—Planes and ships combed the mid-Pacific 600 miles southwest of here today for five men still missing after the crash of an Air Force C124 Globemaster with nine men aboard early Friday.

Three men were picked up in apparently good condition after nearly 12 hours in the water, and one body was recovered shortly after noon.

The body was not immediately identified. And three names of the five missing were announced by the Air Force.

Those rescued were the plane's commander, Capt. Jonathan W. Brown, of Travis Air Force Base, Calif., where the big plane was based; the flight engineer, T.Sgt. James M. Phillips, of Vacaville, Calif.; and the second flight engineer, S.Sgt. Clayton Dorra of San Rafael, Calif.

Three of the crewmen still missing were identified as Lt. Gerald J. Bona, Vacaville, the navigator; Airman I.C. Charles E. Entrockin, Atlantic City, N.J., landmaster; and S.Sgt. Thomas Pasco, Fairfield, Calif.

One crewman remained unidentified because his family could not be located in the Travis AFB area.

Two Air Force couriers who joined the Tokyo-bound flight in Honolulu also were not identified. Early Friday morning the big \$1,700,000 plane radioed it had a runaway engine, could not feather the prop, was losing oil and asked permission to land at John Johnston Island 200 miles ahead. It was not heard from again.

A search immediately converged on the spot, organized by the aircraft carrier Boxer en route from Eniwetok to Pearl Harbor.

A search plane from the famed Hawaii-based 76th Air Rescue Squadron made the first sighting.

"We were flying at about 700 feet when one of the crew saw some debris," said Capt. Robert H. McCully. "We immediately turned and saw a mirror flashing and some sea water dye. We notified the Boxer and she sent over four choppers."

Faubus Raps High Moguls of Labor

Gov. Orval Faubus last night struck at what he called the plans of "high labor moguls" to send teams into every county of Arkansas in an attempt to defeat his bid for a third term.

"And the NAACP is going to do the same thing," the governor declared.

He said that once Arkansas allowed "outsiders" to tell them whom to elect, "they'll be telling us how to do everything else."

And the trouble at Little Rock will look like a Sunday School picnic compared to what will happen and you know it," Faubus said in a speech at Piggott.

Earlier, in a speech at the Corning Fourth of July picnic, the governor blasted critics of his stand in the Little Rock school integration crisis last fall.

He said he had no malice toward anyone and would treat a Negro as fairly as he treated a white person.

ROSWELL, N. M. (AP)—A 40-year-old boy was killed and two other boys were injured, one critically, when a race car went out of control and plunged into a watching crowd Friday.

State police said 2,000 persons watched a hot-rod car driven by Ronald M. Campbell, 24, of Roswell go out of control on a road and smash into the crowd, killing Danny Lee Daniels, 14, and critically injuring Steven Smith, 14. Robert Merdese, 7, was seriously hurt.

Cantaloupes to Ripen Soon

J. E. "GENE" WARD of Sweet Home community expects to harvest vine ripened Hempstead county cantaloupes not later than next Tuesday, July 8, from the three acres Improved Hale's D-2 Variety. The Ward cantaloupes are among the earliest with a fair crop well netted larger and smoother than normal. The vines are in very good condition for the season. Maneb, a fungicide dust, has been applied three times to check leaf spot disease in an attempt to keep the vines growing. An application of nitrate of soda was applied yesterday to provide the quick plant growth nutrient.

A NATIVE of Hope, Thomas J. Carter, recently received a pin marking 50 years service with the U. S. Army Engineers, Vicksburg, Miss. district. Mr. Carter is Chief of the Operations Branch of the Vicksburg District. The award was presented by Col. M. Barschdorf, district engineer.

Finkbeiner Hits Faubus' Statements

By THE ASSOCIATED PRESS

Little Rock packing executive Chris Finkbeiner yesterday took a dim view of some of Gov. Orval Faubus' campaign statements which were made in a speech at Portia.

Finkbeiner arrived at a Fourth of July picnic in time to hear only the last part of the governor address. Later, Finkbeiner said he thought his opponent, for the Democratic gubernatorial nomination, made remarks that were "colored and colored plenty."

Faubus had delivered an hour-long attack on the Arkansas Gazette and its executive editor, Harry Ashmore, former Gov. McMath, Presidential Aide Sherman Adams and others he said were seeking his death in the campaign.

Finkbeiner, speaking to the Portia crowd later, pledged that he would continue to campaign in such a manner "that the people of the state can be proud of my candidacy."

"At his first meeting with a top American official since becoming premier June 1, De Gaulle also was expected to discuss relations with Moscow, Western defense, the Middle East and possibly the Algerian situation."

Dulles said he would not bring up Algeria but he regards the costly 44-month nationalist rebellion against French rule there as a key to French economic and political troubles.

Dulles flew into Paris Friday and spent the evening in briefings by American experts.

After meeting with De Gaulle, Dulles was scheduled to talk with Foreign Minister Courville de Murville, a former French ambassador to Washington, and then fly home at midnight.

Survivors include two other daughters, Mrs. Inez Moore of Maanhold and Mrs. Marie Dyer of Hope. Two sons, A. L. Stewart of Pleasant, Texas, and J. A. Stewart of Harrisonville, Mo., also were mentioned.

Funeral arrangements will be announced by Herndon-Cornelius.

Second place in the Queen White River pageant went to Donna Sue Martin of Concord with Judith West and Marion Ruth Neal of England tied for third place.

About 6,000 persons, a record for the area, watched a down-town beauty parade yesterday morning. Some 2,000 attended the second annual Catfish Day at the carnival yesterday.

Dulles Talking to France for Atomic Bases

By GEORGE MCARTHUR

Paris (AP) — Secretary of State Dulles and Premier De Gaulle began talks on the world situation today with a cordial handshake.

The premier greeted Dulles on the steps of the Hotel Malignon, his official residence, at the secretary of state arrived for a meeting expected to be focused on French work on an atomic bomb.

De Gaulle was accompanied by Foreign Minister Maurice Couve de Murville and Louis Joxe, the foreign ministry secretary general.

The diplomat and the soldier had no fixed agenda for their meeting, but informed sources said both men probably had uppermost in their minds the question of how soon France might test a home-made atomic bomb.

Persistent reports from reliable quarters say France will set off an A-bomb soon in the Sahara. This would admit the nation to the "Atomic Club" now composed of the United States, Britain and the Soviet Union.

De Gaulle was expected to ask for U. S. help on nuclear development. But with U. S. laws in mind an American spokesman commented, "We haven't got much to offer."

"We want to find out what they want and make a complete survey with them of the world situation," the spokesman said. "The French have been letting it be known unofficially that they want a lot of secrets, but we haven't heard anything on the record."

"The MacMahon act is as far as we can go, anyway," the spokesman added.

In the MacMahon act, Congress barred sharing of nuclear secrets with American allies. It has recently been modified to permit some secret exchanges with Britain, since that country already has developed atomic and hydrogen bombs.

The French hope that exploding their own A-bomb will get them in on this deal. Dulles announced before leaving Washington he would push ahead with President Eisenhower's pledge to help France develop atomic-powered submarines, but that apparently is as far as secret-sharing plans go at present.

"At his first meeting with a top American official since becoming premier June 1, De Gaulle also was expected to discuss relations with Moscow, Western defense, the Middle East and possibly the Algerian situation."

Dulles said he would not bring up Algeria but he regards the costly 44-month nationalist rebellion against French rule there as a key to French economic and political troubles.

Arkansas Counts Three Road Deaths

By THE ASSOCIATED PRESS

Arkansas' holiday death toll stood at three today as highways swarmed with traffic and crowds jammed resorts and parks.

One highway fatality and two drownings yesterday marred the Independence Day weekend which started at 6 p. m. Thursday and will end at midnight Sunday.

A 22-year-old Joiner woman was injured fatally and four other persons suffered injuries when an automobile plowed into a bridge abutment on U. S. Highway 63 about 14 miles northwest of Jonesboro.

Elsie Oliver died shortly after arrival at a Jonesboro hospital. Her 18-year-old sister, Sue Oliver, also of Joiner, was admitted to the same hospital together with Bonnie Carter, 21, of Joiner; William A. Richmond, 38, of Dyess, and Euel Richmond, 51, of Strawberry, the driver of the car.

Attendants said Miss Sue Oliver, Miss Carter and William A. Richmond were in serious condition. Euel Richmond's condition was not considered serious.

It could not be determined immediately whether the two men were related.

Nineteen-year-old Shirley Meredith of Truman drowned while swimming in the Current River near Pochahontas.

Sheriff Don R. Reed said the girl and a companion, Bob Titterman, 23, of Bay, were swimming together in the swift-running river when the accident occurred. The body was not recovered.

Titterman told officers that Miss Meredith suddenly went under. He said he tried to find her but failed.

Volunteers and sheriff's officers searched for the body throughout the afternoon and planned to continue operations last night and today.

The victim was the daughter of Mr. and Mrs. Tom Meredith of Truman.

James Edward Delmar, a 20-year-old Negro of Malvern, drowned in Lake Hamilton in sight of a crowd at Murray's Landing, a Negro resort.

Two Hot Springs Negro men swam out to the spot where Delmar disappeared and located the body.

Sheriff Leonard Ets and State Trooper Glen Minton investigated and said a coroner's verdict of accidental drowning was expected.

Parts of State Under Storm Alert

It expired on schedule. Heavy rainfall fell at some points in northwest Arkansas, with a 3-inch total reported at TAR near Clarksville. Rainfall in excess of two inches fell at Aldron near Fort

Georgia Guard Told to Obey Only Griffin

ATLANTA (AP)—Gov. Marvin Griffin has decreed that the Georgia National Guard cannot obey any federal orders until he has approved them in writing.

A brief statement accompanying the executive order yesterday said only that it was issued "to prevent any illegal or unconstitutional control over state affairs on the part of the federal government."

It was generally understood, however, that the order was designed to prevent use of Georgians to enforce integration decrees. Arkansas Guardsmen were federalized and assigned to maintain order at Little Rock after Central High School was opened to Negroes.

In a separate statement, the governor defended the pro-segregation speeches he made in Little Rock shortly before the start of disorders there.

At that time, he said, "I reiterated my firm beliefs in the fundamental principle of segregation of the races. For making this statement I have been criticized in pro-integrationist newspapers and other media and have been accused of fomenting strife and discord."

National League Race Is Closest in Modern Times

By ED WILKS
Associated Press Sports Writer

No doubt about it. This is the closest National League race of modern times.

When the Philadelphia Phillies suddenly on a come alive drive, swept Friday's double-header at Milwaukee 5-1 and 4-1, not only was the Braves' first place position cut to 1 1/2 games, but last place Los Angeles moved within seven games of the top.

San Francisco blew a chance to regain second place from the St. Louis Cardinals, losing the second game in Chicago 8-1 after a five-run rally in the ninth had beaten the Cubs 6-5 in the opener. The Phillies, a straggling seventh through June, gained a share of fourth place, 3 1/2 games behind Milwaukee, with the Cincinnati Redlegs, who swept Pittsburgh 4-3 and 3-3.

The Cardinals and Dodgers were idle, because of a previous booking in the Coliseum at Los Angeles.

While the NL race tightened, New York packed away one of the largest July 4 leads ever in the American League. The Yankees are 10 1/2 games ahead after sweeping Washington 2-1 and 13-2. Second place Kansas City won two

at Chicago, beating the White Sox 6-3 and 4-3. Boston split with Baltimore, winning 5-1, then losing 5-3. Cleveland whipped Detroit 5-1, but the Tigers took the nightcap 3-1.

A crowd of 23,706, largest of the day, saw right-hander Jack Sanford (6-6) blank the Braves on five hits while handing 10 game winner Warren Spahn his fifth defeat.

The Giants, shut out for six innings by Johnny Briggs, capped their winning ninth in the opener on a two-run single by Willie Mays. The Cubs chased Johnny Antonelli in the nightcap first with three runs that handed the southpaw ace an 8-7 record. Dave Hillman won his first with a five-hitter.

The Redlegs, scoring just one run in 32 innings, went to work on a 3-0 Pirate lead with Ed Bailey's two-run homer in the third inning of the opener. The loser was Ron Kline (7-9). Kansas City castoff Alex Kellner won his first in the NL, blanking the Cubs on four hits after relieving Don Newcombe in the third.

Vern Law (7-9) was the loser, while Bob Purkey won his ninth.

Althea Has Chance for Three Titles

WIMBLEDON, England (AP) — Althea Gibson, the defending Wimbledon champion, has a chance to share in three titles today in women's singles, and doubles and mixed doubles.

Miss Gibson who first learned her tennis on the crowded streets of New York's Harlem, faces the challenge of Angela Mortimer of Britain in the singles finals.

The team of Miss Gibson and Maria Bueno of Brazil faces Mrs. Margaret Dupont of Wilmington, Del., and Margaret Varner of El Paso, Texas, in the women's doubles final.

Miss Gibson teams with Kurt Nielsen of Denmark against Bob Howe and Lorraine Coghlan of Australia for the mixed doubles championship.

Australia's Ashley Cooper captured the men's singles title Friday with a 3-0, 6-3, 6-4, 13-11 victory over Neale Fraser, a fellow Aussie with whom he travels the tennis circuit.

It was the 12th time the two players have met in major tournaments with Cooper winning nine times.

British Finals Pairs Local Golfers

ST. ANNE'S-ON-SEA, England (AP) — The British open was a promoter's delight today as Saturday playoff with a local in the east.

Dave Thomas, the 23-year-old Wales lad who never has won a senior event, met Australia's Peter Thomson, an international citizen of golf who has toured the world eight times.

They play their 36-hole medal play battle at Royal Lytham and St. Anne's championship links, a half mile from the Irish sea.

Crowds topping the 20,000 mark were expected.

Thomson, only 28, and one of the most experienced players in golf, is expected to win. He has spent six years in American tournament play and he gives that experience much credit for putting his game in order. He has won money along the way but seldom takes top prizes.

Thomas and Thomson forced the playoff late Friday when each alternated playing brilliant golf and doing silly things.

Thomson started the final round with a two-stroke lead. In their final 18, which was a classic as a nerve-wracker, Thomas was good while Thomson was bad. And Thomas was bad when Thomson was good. Thomson's lead withered away, he got it back, lost it and they finally wound up all even with 278 strokes each. Each broke the all time open scoring mark—but neither was a winner.

Sammy White's bases-loaded triple capped a four-run sixth in the opener for the Red Sox as Frank Sullivan won his sixth with a five-hitter. Connie Johnson lost it in relief of Milt Pappas. In the nightcap, Annie Portocarrero (6-5) won it with Mike Fornieles (3-5) the loser.

Yankees Sweep Series, Lead Goes to 10 1/2

By ED WILKS
Associated Press Sports Writer

Some Independence Day in the American League. Those over the New York Yankees lead by 10 1/2 games — and no club has been a bigger July 4 bulge since guess who led by 11 1/2 in 1938.

The Yankees, sweeping the three-game set and winning their fourth straight game, twice cracked the last place Senators at Washington.

Bob Turley won his 12th with a three-hitter in the 2-1 opener, and Art Ditmar, pitching his first complete game for the Yankees, won the nightcap with a four-hitter 12-2.

Second place Kansas City swiped two at Chicago, beating the White Sox 6-5 and 4-3. Boston and Baltimore split, the Red Sox winning 5-1, the Orioles 5-3. Cleveland rapped Detroit 6-1, but the Tigers took the nightcap 3-1.

In the National League, Philadelphia swept a pair at Milwaukee, 5-1 and 4-0, and cut the Braves' lead to 1 1/2 games over St. Louis. Third place San Francisco beat the Chicago Cubs 6-5, then lost 6-1. Cincinnati took two from Pittsburgh, 4-3 and 8-3.

Turley gave up two singles and walked a run across before he got a man out, then allowed only a fifth-inning single to Roy Sievers. The loser was Pete Ramos (6-6).

In the nightcap, the Yankees slugged 22 hits—a one-game high in the AL for the season. Norm Siebern and Bill Skowron also homered for the Yankees, with Siebern, who was 4-for-5, belting his seventh with a man on in a wrapup, six-run sixth.

Truman Clevenger (4-8) was the loser for the Nats, now 18 games behind with only four victories in their last 22 games.

The A's trailing 5-0, chased Early Wynn and handed veteran reliever Turk Lown his first AL defeat. The winner was Tom Gorman (2-3).

Harry Simpson and Bill Tipton homered the A's into a 3-0 lead in the nightcap and Pete Daley won his first — with Tomaneck's second perfect relief job of the day Ray Moore (5-3) lost it.

Larry Doby was 4-for-4 and drove in four runs, three with a first-inning homer off loser Paul Foytack (6-8) while Cal McLish won his fifth for the Indians. Herm Wehmeier, whose arm trouble made his purchase from St. Louis a conditional deal, won his first with a six-hit, eight-inning job for Detroit in the nightcap, won on Billy Martin's solo home run off loser Jim Grant (6-6) in the seventh.

Sammy White's bases-loaded triple capped a four-run sixth in the opener for the Red Sox as Frank Sullivan won his sixth with a five-hitter. Connie Johnson lost it in relief of Milt Pappas. In the nightcap, Annie Portocarrero (6-5) won it with Mike Fornieles (3-5) the loser.

Colofonia Fights
Huge Grass Fire

FRESNO, Calif. (AP) — Some 150 fire fighters battled today for control over a stubborn blaze that already had leveled more than 130 acres of grass and timberland 30 miles northwest of this central California town.

Ranger William Pennington said the blaze, believed caused by illegal fireworks, probably would be controlled today. It started on the grassy shores of Pine Flat Lake.

POLAR BEAR AND THE AIR-PLANE

U. S. Fish and Wildlife Service, while it does not come right out and say so, seems to be a little concerned about the increase in the annual reported kill of polar bear. Trouble is untie more research is done, nobody is quite sure just how many of these big animals can be brought in without seriously depleting the overall population.

Until recent years, the polar bear, Trouble is untie more research is done, nobody is quite sure just how many of these big animals can be brought in without seriously depleting the overall population.

Then came the airplane. Bear are spotted from the air, riding the ice pack out to sea. Result — the kill is two or three times higher than it used to be. Now the bear are brought in from as far as 200 miles from shore.

Trophy hunting is all right, I suppose, if you happen to like it. A rug on the floor or a mounted head on the wall serves to dress up the "den." But I can't help wondering what I personally would do with a dead polar bear.

THE CAM-O-FLAGE LINE — Cortland Line Company, one of the oldest in the business, announces the 10th anniversary of the birth of their Cam-O-Flage line. Popular from its introduction in 1948, it continues to be the largest selling line in the world. This line, as you probably know, instead of being made in one solid color, changes its color every foot or so.

The idea of this color variation is an obvious one. By cutting off a bit of line as indicated, the fisherman can fasten his lure to a line the color of which matches or blends with the color of the water, creating the impression that the lure is swimming free.

Congratulations to Cortland Line, which the manufacturers of other items of tackle and equipment would apply the same quality of common-sense research to the creation of some of the things that are offered for sale in the untidy in today's tackle shops.

Twenty-five years ago, under the direction of Fish Commissioner "Olie" DeBlen, then in charge of the Pennsylvania Fish Commission, there was constructed in the Spring Creek valley, near Bellefonte, Penna., a recreation area for the fishermen of the state. One mile of Spring Creek and the land surrounding it was fenced off and landscaped.

The necessary buildings were erected, parking areas established, and extensive stream improvements were installed. Then that

DEMOCRACY
and Our
FREEDOM
of
WORSHIP

What fortunate people we are, in these United States of America! Our fathers purchased for us at great cost the priceless privileges of Democracy; the right of a people to make decisions as to their speech, their government and their religion. This means, as William Jennings Bryan used to say, the right to make our own mistakes, and then the responsibility to correct them. In other words we have accepted responsibility to live together for the common good and in mutual goodwill. We must do two things to be worthy at all of this magnificent inheritance: (1) We must seek to understand and to appreciate what Democracy means, and (2) We must see that Democracy works.

The right to vote carries the responsibility to vote. The right to think for one's self requires that we read and discuss and become responsible and well informed thinkers. The right to free speech calls for the self-control and the wisdom which will make our speech of good temper and of helpful counsel to others, who likewise have the same freedom of speech. The right to worship according to the dictates of our consciences summons us to train our consciences so that we shall choose well, surely that we shall worship somewhere. Democracy is the most elevated of systems of economic, of civil, and of religious living, but it is also the most difficult. For it requires so much of those who assume responsibility to govern themselves. There must be self-discipline; there must be the training of youth in disciplined living; there must be high dedication to the common good, as over against selfish behaviour. A man who lives only for himself is an autocrat and not a democrat.

Democracy challenges each of us to think of every other person as a sister, or a brother in the universal family of God; every man is a child of God, who merits respect and concern from us.
